www.linkedin.com/in/suresh-karibandi-a8568543a

PROFESSIONAL SUMMARY

Skilled in Python, SQL, Advanced Excel and Power BI, with an understanding of data analysis, dashboard reporting and business insights. Completed a three-month internship at Data Creations, gaining practical experience in retail accounting operations, accounting records and monthly GST return filing. Currently pursuing an MBA in Business Analytics and interested in using data to identify trends, understand business performance and support data-driven decisions.

TECHNICAL SKILLS

Programming: Python | Database: SQL | Data Analysis: Advanced Excel | Data Visualization: Power BI | Accounting Software: Tally ERP

Analytics: Data cleaning, data interpretation, dashboard reporting and business insights

PROJECTS

Blinkit Grocery Sales and Outlet Performance Analysis

Tools: Python, SQL, Advanced Excel, Power BI

- Analysed Blinkit grocery sales data to understand sales trends and outlet performance.
- Used Python (Pandas) for data cleaning, data manipulation, and exploratory data analysis.
- Wrote SQL queries to analyse product categories, sales, and outlet performance.
- Developed interactive dashboards using Excel and Power BI to track key performance indicators (KPIs).
- Identified top-performing outlet types, locations, and product categories.
- Generated business insights to support data-driven decision-making.

Mobile Phone Consumer Preference Analysis | Conjoint Analysis

Tools: R Programming, RStudio, Microsoft Excel

- Conducted conjoint analysis to understand consumer preferences for OnePlus smartphones.
- Evaluated five product attributes: Battery, RAM, Storage, Camera, and Price.
- Created different product combinations to analyse consumer preferences.
- Analysed attribute importance and consumer preferences to understand purchase decisions.
- Derived insights to support product positioning and pricing decisions.

Insurance Policy Analysis | Academic Project

Studied insurance policy information and organized relevant details as part of an undergraduate academic project.

INTERNSHIP EXPERIENCE

Data Creations | Accounting Intern | 6 Months

Supported day-to-day retail accounting operations, worked with accounting records and assisted with monthly GST return filing. Gained practical exposure to Tally ERP and business operations.
